Driver Name	Driver Address		Driver Phone

WATER REQUEST INFORMATION	
----------------------------------	--

Gallons Requested	Hauling to (name, address)
Reason for Request (to fill hot tub, to fill swimming pool etc...)	

IMPORTANT INFORMATION

When potable water is drawn from the The Village of Ottawa's distribution system and transported by truck or tank, the Village cannot guarantee the quality of the hauled water. Although Village water meets Environmental Protection Agency requirements, the Village has no control over the water once it is pumped from our system to be transported elsewhere; therefore, the Village must request that hauled water not be ingested.
